period of 2<sup>nd</sup> pass

(X) 211

Q: why did 211 run away?

- ppl of NJ might laugh at it & not listen to Him  
- ppl of NJ might laugh at 211 & put him down

211 - 211 payed the fare for the boat

Q: why is this important for us to know?

211 - he payed for everyone's ticket (i.e. he was nervous & just wanted to leave the port)

211 - 211 goes to sleep when boat is in storm

guilty ppl go to sleep

211 - 211's

mult. 211's to assure validity, if it falls on 211 10x in a row then it's obv. him

(I)

Q: why did he think so when he was in the Fish?

Q: why doesn't he do water?

A: at least he did 3<sup>rd</sup> step & wasn't baby a big baby. a "manly" water

A<sup>2</sup> - 1 - 1) 2) in danger 2) step

211 - 211 = the child who 211 brought up from the dead  
if you like 211, then this isn't 1<sup>st</sup> time 211 was saved from death

A<sup>3</sup> - 211 - 211 is 211  
1) 1<sup>st</sup> time when 211 was dead (water is a metaphor)  
2) 2<sup>nd</sup> time when 211 is in 211

also thanking 211 is saved him when he was young (has kind of used to it)

A<sup>4</sup> - 211, the 211 is the best situation he could be in. At least it's better than being dead  
has giving 211 to 211 for saving him via the 211, that 211 has stuck w/ him  
didn't do water bc still had hope that the 211 would go away

Q: why is he speaking about "211" 211?

A: 211 dreams of coming back to 211

that's why says "211", bc kicked out of 211 (211 211 211)

211 - 211 211 211

211 211 211

Q: why is all speaking abt 50'20'

all want to know

'27 - the sailors don't like to be tested

'28 - to end the story on a positive note, that the sailors will do more

'29 - these words are just nice & could be anywhere

'30 - 27 is 10'

'31 - 28 is 10'

102'10' - animals can't have 102'10' is 102'10', He arranged for it to happen

R' Loring - spoke to the fish 102'10' not to 102'10' like a shuck

like donkey/words, and 2' 102'10'

the '113 sounds more specific and rigid than 102'10' Se '113

Q: why is 102'10' called 102'10'?

102'10' - 102'10' = very big

R' Loring - the thing wanted to say like he was saying a 102'10'

102'10' - 102'10' took a boat b/c he was too old to take a donkey (would God)

what he means is that 102'10' wasn't actively fleeing, he was procrastinating (delay, not

⑦

Ex: Mr. G says that he ran away b/c  $\exists$  is a man who sp  
he wants to die b/c  $\exists$  is a man who sp (-?)

are you actually upset?  
yes - why are you angry that I (2) am gone?

Q: If I already had an ear, why did I need a jigger?

A: It was more + better shade

4. "13" = "17": It should be on on the "17" if to be on on the city of 2N2

2X (attempted conversation w/ S) Failure of a prophetic mission
